**MICHIGAN STATE BOARD OF EDUCATION
STATEMENT OF ASSURANCE OF COMPLIANCE WITH FEDERAL LAW**

The Michigan State Board of Education complies with all Federal laws and regulations prohibiting discrimination and with all requirements and regulations of the U.S. Department of Education. It is the policy of the Michigan State Board of Education that no person on the basis of race, color, religion, national origin or ancestry, age, sex, marital status, or handicap shall be discriminated against, excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination in any program or activity for which it is responsible or for which it receives financial assistance from the U.S. Department of Education.

Fall 2005 Michigan Educational Assessment Program (MEAP)

The purpose of this MEAP High School Assessment Administrator Manual is to provide information specific to the administration of the Fall 2005 MEAP high school assessments. Each assessment administrator should be provided an assessment administrator manual. A supply was shipped with assessment materials. Additional copies can be ordered on the MEAP website at www.michigan.gov/meap-secure.

A separate MEAP District Coordinator Handbook and Building Coordinator Handbook were also shipped with your assessment materials. Additional copies are available on the MEAP website at www.michigan.gov/meap. The handbooks are comprehensive guides for district MEAP coordinators.

ITEMS OF SPECIAL INTEREST

Field Testing

In the past, the MEAP has used field testing in a limited number of schools to assist in trying out new assessment items for future assessments. Because the MEAP plans to release all items relating to the core Grade Level Content Expectations (GLCEs) each year, it is necessary to significantly increase the field testing of new assessment items. The standard MEAP assessments, addressed in this manual, will consist of operational and field test items. The field test items will be scored, but will not be used for determining student scores or for reporting. Students will not be able to distinguish the field test items, since they will be mixed in with the operational items.

Accommodated Versions of the MEAP Assessments

Fall 2005 MEAP high school assessments in mathematics, science and social studies will each have 8 different assessment forms with field test items. All accommodated versions of these assessments (Braille, enlarged-print, audio, and video) will be reproduced from a form 1 assessment booklet.

Unless there is a total loss of vision, each student using an audio version of an assessment must also have a regular copy of the print form 1 assessment booklet to use with the audio version. Accommodated versions of the assessments will be shipped with a form 1 assessment booklet.

It is the policy of the U.S. Department of Education that if a student uses a nonstandard assessment accommodation, the student's score will NOT count as assessed when calculating the No Child Left Behind (NCLB) participation rates.

It is suggested that districts check to see how many Individualized Education Plans (IEPs) indicate that a student is to use a nonstandard assessment accommodation and review its use. The consequence of not counting as being assessed was not one that IEP Teams had to consider previously when the decision was made. Previously, the student counted as assessed, but the score would count as not proficient when calculating Adequate Yearly Progress (AYP).

A school cannot make AYP if it does not have at a minimum a 95% participation rate for the entire school and each subgroup.

New Student Registration Forms

Schools are strongly encouraged to register new students through the MEAP secure website (www.michigan.gov/meap-secure) to produce a label to affix to each completed answer folder.

In the event labels or pre-ID answer folders are not possible, complete and accurate information on the New Student Registration Form (NSRF) is critical. Please carefully review directions for NSRF completion beginning on page 60.

Additional Sheets

Students are provided ample space within all answer folders for extended written responses. **No additional sheets may be used with any of the MEAP assessments unless prescribed by and IEP.**

Arabic, Spanish, and English Videos Available for English Language Learners

State-produced videos are available as an accommodation for English language learners who are at the basic or lower intermediate English language proficiency levels and who are dominant in a language other than English. In Fall 2005, videos for MEAP content areas of mathematics, science and social studies are available in Spanish, Arabic, and English.

The Spanish and Arabic versions are appropriate for use with an ELL whose dominant language is Arabic or Spanish and is receiving bilingual instruction (e.g., transitional, two-way, or dual language) using the student's native language in the school setting. If the ELL program uses an English-as-a-second language (ESL) approach, using the video translation of the MEAP assessment in English is appropriate.

There are no video translations for the reading portions of the ELA assessments as they would change the construct of what is being measured from reading to listening, making it a nonstandard accommodation for reading. Students receiving nonstandard assessment accommodations are NOT counted as being assessed for the calculation of No Child Left Behind assessment participation rates, and are counted as not proficient when calculating Adequate Yearly Progress (AYP).

English Language Arts Assessment

The integrated high school English language arts (ELA) assessment includes writing and reading. The optional listening portion of the high school ELA assessment is not administered during fall assessment cycle.

Students taking the English language arts assessment **are no longer required to take the assessment in the order presented in this manual.** The MEAP Office recommends that each part of this assessment be administered in a separate session.

Mathematics Assessment

Calculators, including graphing calculators, are permitted, though not required, on all parts of all MEAP mathematics assessments. Calculators with a QWERTY style keyboard are not permitted. Calculators built into cellular phones or other wireless communication devices or that can communicate wirelessly with other calculators are not permitted. Students may not share calculators.

Calculators that can make noise must have the sound feature turned off. Calculators that have paper tape must have the tape removed. Calculators with power cords must have the cord removed.

It is important that students are made aware of the calculator rules prior to taking the assessments. Doing so will allow them to bring an acceptable calculator if they so desire.

New Assessment and Accountability Practices

On August 10, 2005, the State Board of Education approved an updated version of the Office of Educational Assessment and Accountability (OEAA) *Professional Assessment and Accountability Practices for Educators*. This document establishes the “ground rules” for how each assessment is to be administered and is available at the OEAA website (www.michigan.gov/oeaa). It is recommended that the document be downloaded from the website and read in its entirety prior to the assessment window as it contains specific information for individuals based on assessment responsibilities.

Packaging and Return of Materials

Assessment materials come shrink-wrapped in numbered sets. Answer folders with preprinted student bar codes are sorted according to school option, either alphabetically by course ID (class/group) within school grade and subject. Additional blank answer folders and assessment materials are included for new students.

Districts are encouraged to complete and return assessment materials as early as possible during the assessment window. The contractor can then begin to scan and score student responses immediately. Please complete make-up assessments during the assessment window. **MEAP assessment booklets and student answer folders are secure documents and may no longer be copied or retained in schools. They must be kept in locked storage both before and after the assessments. They must be returned to MEAP Scoring Services as directed.**

All assessment materials (including Braille, enlarged-print, audio, and video versions) should be returned in **one shipment**. The deadline for returning all assessment materials for each assessment cycle is indicated on the inside front cover.

Contact Information

Michigan Educational Assessment Program (MEAP) coordinators and assessment administrators should read this manual in its entirety before the assessments begin. To promote the most effective flow of information, district MEAP coordinators are to be the primary contact for all district communications. If district MEAP coordinators have questions after reviewing this manual, they should contact one of the following:

- **MEAP Office**—for information about MEAP assessment administration procedures, content, scheduling, information about students with disabilities and appropriate assessments or accommodations, and information about the English Language Learner (ELL) program

Phone: 1-877-560-8378

Fax: 517-335-1186

Website: www.michigan.gov/meap

E-mail: MEAP@michigan.gov

- **MEAP Scoring Services**—for information about ordering, receiving, packaging, or returning assessment materials

Phone: 800-204-4109

Fax: 319-358-4293

E-mail: meap@pearson.com

- **Michigan Merit Award Program**—for information about eligibility requirements, awardee and nonawardee reports, and student Merit Award records

Phone: 888-4GRANTS (888-447-2687)

Fax: 517-241-4638

Website: www.michigan.gov/meritaward

MEAP Administration

Valid and reliable MEAP assessments require that assessments are first constructed in alignment with Michigan content standards and then scored according to sound measurement principles. Sound assessment practices require that schools administer all assessments in a consistent manner across the state so that all students have a fair and equitable opportunity for a score that accurately reflects their achievement in each subject.

The schools play a key role in administering the MEAP assessments in a manner consistent with established procedures, monitoring the fair administration of the assessment and working with the MEAP Office to address deviations from established assessment administration procedures. District and school faculty members play a key role in the fair and equitable administration of successful MEAP assessments. Please review the assessment procedures in this manual, follow the established assessment administration procedures carefully, and notify the MEAP Office if a problem arises.

Assessment Administrators and Proctors

The MEAP assessments were designed to be administered, when possible, by the students' own teachers for the subject area being assessed. Depending on the number of students in each room, proctors may also be assigned to assist the assessment administrator. Assessment administrators and proctors are responsible for

- reading and becoming familiar with MEAP assessment administration procedures for the specific assessment cycle (i.e., fall, winter, or spring) prior to the assessments.
- reading directions *exactly as they appear* in this manual to students, and answering questions about assessment directions.
- verifying that no unauthorized materials or equipment are being used during the assessments.
- moving throughout the room and ensuring that students are working in the correct section of their assessment booklets and are marking their responses in the appropriate areas of their answer folders.
- reporting instances of deviations in assessment administration or irregular student behavior to the building MEAP coordinator for early and fair resolution of any concerns.
- reviewing student information on answer folders and the New Student Registration Form (if used) for accuracy.

It is very important to understand the difference between helping students understand assessment directions and helping them with their responses. With the exception of making sure students understand the directions and implementing any approved accommodations, assessment administrators and proctors ***may not give help of any kind*** to students during the assessments. This includes defining or pronouncing words and reading any part of the assessment aloud to students, except where specifically indicated in the directions.

Complete information regarding the responsibilities of assessment administrators and proctors, including checklists, may be found in *Professional Assessment and Accountability Practices for Educators*. This document establishes the “ground rules” for how each assessment is to be administered and is available at the OEAA website (www.michigan.gov/oeaa).

MEAP Assessment Schedule

The Fall 2005 MEAP High School Assessment cycle is from October 24 – November 4, 2005. Materials will be shipped to school districts approximately two weeks before the first day of the assessments.

All Fall MEAP assessments are *untimed* and student-paced. Arrangements *must* be made to allow additional time during the same continuous session for students who require more time to complete these assessments.

The following are approximate times needed for each assessment session.

High School English Language Arts Assessment

- Part 1: Writing
 - Session 1: Writing from Knowledge and Experience80 minutes (approximately)
Polished response to a given theme
 - Session 2: Reporting and Reflecting35–45 minutes (approximately)
(No portfolio pieces required)
- Part 2: Reading (2A and 2B).....80 minutes (approximately)

High School Mathematics Assessment

- Part 150–60 minutes (approximately)
- Part 250–60 minutes (approximately)

High School Science Assessment90–105 minutes (approximately)

High School Social Studies Assessment

- Part 145–55 minutes (approximately)
- Part 245–55 minutes (approximately)

Approximately 10 minutes should be scheduled prior to each assessment session for completion of the New Student Registration Forms for any students who do not have a preprinted label or answer folder. Once completed, the New Student Registration Form must be placed on top of the corresponding answer folder.

All assessments must be completed during the assessment cycle and all materials must be returned by the appropriate deadline. (*See inside front cover.*)

Assessment booklets (including Braille, enlarged-print, and audio versions) are secure materials that must be carefully monitored. These materials must be kept in *locked* storage while in schools. All materials must be returned after the assessments. **MEAP assessment booklets and student answer folders are secure documents and may not be copied or retained in schools. They must be kept in locked storage both before and after assessments. No person, other than students to be assessed, shall be allowed to review or take the assessment.**

Students to Be Assessed

Michigan has made the commitment that all students must be assessed as required by federal and state policy. The MEAP assessments provide an opportunity to assess the largest number of students in elementary, middle and high school. According to federal law, the Individualized Education Plan (IEP) specifies whether or not the student participates in each of the MEAP assessments or in an alternate assessment. The MEAP assessment window allows adequate time for schools to administer assessments and to provide opportunities for make-up assessments. Some students may require appropriate and reasonable accommodations where such accommodations are necessary to measure achievement relative to state standards.

The *only* students who may take the assessment during the Fall 2005 assessment window include:

- Students who will graduate in 2006 (including those in Grade 12, alternative education, and adult education) who have not yet taken the High School Assessment (HSA).
- Grade 10 or Grade 11 students who must take the assessments early for dual enrollment purposes and have provided a letter from a parent or guardian to the school indicating their intention to dual enroll. Note that students who wish to dual enroll in Fall 2006 must take the assessments in Fall 2005 (not in Spring 2006) to be eligible.

Any student who has previously taken the high school assessments should be given the opportunity to retake them in order to qualify for an endorsement or a Michigan Merit Award, to receive a higher level, or to receive a higher scaled score.

Students with Disabilities

The IEP Team is to determine how students with disabilities are assessed in each of the core content areas. According to federal law, the Individualized Education Plan (IEP) specifies whether or not a student with disabilities participates in each of the MEAP assessments or in an alternate assessment.

Keep in mind that accommodations may ONLY be used if (1) the student's IEP indicates that they are appropriate for the student, AND (2) they reflect what the student routinely uses or how he or she routinely responds during instruction.

The MEAP assessment window allows adequate time for schools to administer assessments and to provide opportunities for make-up assessments. Some students may require appropriate and reasonable accommodation where such accommodations are necessary to measure achievement relative to State content standards. See accommodations, pp. 13 – 22.

English Language Learners

English language learners (ELL), also known as Limited English Proficient (LEP) students, are to participate in the State assessment programs. English language learners may be given assessment accommodations that are customarily used during normal classroom activities and assessment.

Further information regarding ELL assessment accommodations is provided on pages 13 – 22.

The United States Department of Education allows flexibility for “recently arrived students with limited English proficiency”. A recently arrived student is a student with limited English proficiency who has attended school in the United States (not including Puerto Rico) for less than ten months. For the Fall 2005 MEAP and MI-Access, this applies to English language learners who have entered a U.S. public school fewer than 10 learning months prior to the time of administering the assessment.

The flexibility specifies that a school or district has the option of not administering the English language arts portion of the state assessment (MEAP or MI-Access) to a recently arrived student provided that an English Language Proficiency (ELP) assessment has been given to the student. In this case, ELP

participation counts toward the 95% participation rate requirement for Adequate Yearly Progress (AYP). The student must take the mathematics assessment: The score will not count for AYP. The science and the social studies portions of the state assessment are to be administered.

A form has been designed to capture all of the student information that is required to grant this flexibility for recently arrived ELL students. It is provided as a link to the Office of Educational Assessment and Accountability site with Michigan Department of Education. This form may be located on-line at www.michigan.gov/meap.

Please note: A recently arrived student may be exempted from one administration of the State's English language arts assessment.

Foreign Exchange Students

Foreign exchange students' scores on the state assessments will be included in the calculation of the participation rate for AYP if the districts include them in the state school aid membership count in a grade level where the state assessments are administered (for example, in grade 11).

Some foreign exchange students may be classified as English language learners. This classification requires that an English Language Proficiency assessment be administered to the student. If the student is determined to be an ELL, and it is the first school year [adjust as necessary] that the student is enrolled in a U.S. public school, the student may be excused from the English language arts assessment. The ELP assessment will be substituted for the English language arts assessment when calculating the 95% participation rate for AYP.

The U.S. Department of Education requires that ELL students take the mathematics assessment. The mathematics scores may be excluded from the AYP proficiency calculation if the student had been enrolled in the school for less than a full academic year prior to taking the assessments.

Participation rates are not calculated for the science or the social studies assessments. There is no federal requirement that foreign exchange students participate in these assessments.

MEAP and MI-Access Assessments for Ungraded Students

Michigan State Board of Education policy, the No Child Left Behind Act, and the Individuals with Disabilities Education Act require that state level assessments be administered to ALL students in required content areas. District policy determines grade assignments for students. However, when the district identifies a student as ungraded in the Single Student Record Database (such as some programs for students with disabilities and alternative education programs), the state will assign students to a specific grade based on the following table.

| Student Age* in Ungraded Programs | Grade Assignment | Required Content Areas to be Assessed in Academic year 2004–2005 (MEAP and MI-Access) | Required Content Areas to be Assessed in Academic year 2005–2006 (MEAP and MI-Access) |
|--|-------------------------|--|--|
| 9 | 3rd | | -English Language Arts -Mathematics |
| 10 | 4th | -English Language Arts -Mathematics | -English Language Arts -Mathematics |
| 11 | 5th | -Science** -Social Studies** | -English Language Arts -Mathematics |
| 12 | 6th | | -English Language Arts -Mathematics |
| 13 | 7th | -English Language Arts | -English Language Arts -Mathematics |
| 14 | 8th | -Mathematics -Science** -Social Studies** | -English Language Arts -Mathematics -Science** |
| 15 | 9th | | -Social Studies** |
| 16 | 10th | | |
| 17 | 11th | -English Language Arts -Mathematics -Science** -Social Studies** | -English Language Arts -Mathematics -Science** -Social Studies** |
| 18 | 12th | | |

* Students must be these ages on or before December 1 of the school year in which the assessment is administered.

** For students with an IEP requiring an alternate assessment, the IEP Team will determine how the student is assessed in these content areas until the state develops MI-Access assessments in these content areas.

Assessment Administration Materials

Receipt of Materials

Fall 2005 MEAP high school assessment materials will be delivered approximately two weeks before the assessment cycle begins. A packing list will be provided and shipments will include the following:

MEAP Assessment Administrator Manuals—One manual is supplied for each district and building MEAP coordinator and each assessment administrator. This manual is available online at www.michigan.gov/meap.

MEAP District and Building Coordinator Handbooks—The MEAP District Coordinator handbook and the MEAP Building Coordinator handbook are comprehensive guides that cover the responsibilities of the district MEAP coordinator and also contain specific instructions regarding online registration. The handbooks are available online at www.michigan.gov/meap.

Assessment Booklets—There is a separate assessment booklet for each subject. One assessment booklet per student is supplied for each subject. Assessment booklets are secure materials that must be carefully monitored and kept in *locked* storage while in schools. **All assessment booklets (including Braille, enlarged-print, audio, and video versions) must be returned to MEAP Scoring Services. No copies shall be made of any assessment booklet or portion thereof. No person, other than students to be assessed, shall be allowed to review or take the assessment.**

Answer Folders—There is a separate answer folder for English language arts (ELA), mathematics, science, and social studies. For fall assessments, answer folders will be preprinted. Schools may register new students online and produce a preprinted label or use the New Student Registration Form (see sample on page 99). **Student answer folders may not be copied. Answers shall not be transcribed or recorded on any other document.**

New Student Registration Forms—These forms should be used as directed by the district MEAP coordinator for those students without a preprinted label or answer folder.

Mathematics Overlay—One is supplied for each student taking the mathematics assessment.

MEAP School/Grade Header Sheets—One of these forms should be completed by the assessment administrator for each grade/subject assessed.

Class/Group ID Sheet—One of these should be completed for every teacher or building coordinator.

MEAP Security Compliance Forms—This form should be read and signed by all MEAP coordinators, administrators and proctors.

Orange “Special Handling” Envelopes—This should be used for the return of word processed or other documents needing special handling.

Return Materials Packet—This contains labels, and instructions on returning the MEAP materials.

Immediately upon arrival of assessment materials, district or building MEAP coordinators should verify that sufficient quantities have been received. Any shortages of MEAP assessment materials should be reported to the district MEAP coordinator as soon as possible. The district MEAP coordinator is responsible for submitting additional orders. Assessment administrators should not open sealed assessment booklet packages until the first day of the assessment for a subject.

Additional Materials Requests

Additional materials may be ordered online at www.michigan.gov/meap-secure. If you experience difficulties with the online ordering system, please contact MEAP Scoring Services at 1-800-204-4109.

Assessment Accommodations

In the State of Michigan, all students are to participate in the assessment programs approved by the State Board of Education. For some students, accommodations that are customarily used during routine classroom activities may be considered to be used during the administration of the MEAP assessments. The Office of Educational Assessment and Accountability (OEAA) provides an Assessment Accommodation Summary Table on pages 19 through 22. It identifies standard and nonstandard accommodations for the MEAP assessments for students with disabilities, Section 504 students, and/or for students with limited English proficiency (also referred to as English language learners, or ELL). The table has been approved by the State Board of Education. It was developed in consultation with districts, schools, and Michigan practitioners in the education of these students.

In general, the determination for the use of standard or nonstandard assessment accommodations must be documented in the student's school records. For students with disabilities, documentation must be documented in the student's Individualized Education Program (IEP). The documentation must be specific for *each* content area administered. For general education students who have a Section 504 Plan, the accommodations must be documented in the student's plan.

English language learners (ELL) may be given accommodations for MEAP assessments if the accommodations are customarily used during normal classroom activities and assessment. Decisions regarding appropriate accommodations for ELL may be determined in a number of ways. Districts with large populations of ELL may assign this responsibility to a coordinator or specialist at the administrative level who consults with the classroom teacher. In districts with small populations of ELL, the decision may be the responsibility of the classroom teacher and the district MEAP coordinator. The U.S. Department of Education allows flexibility for recently arrived students with limited English proficiency. See page 8 for additional information.

Fall 2005, all MEAP high school assessments in the mathematics, science and social studies will have more than one form administered in order to maximize the number of embedded pilot items administered across the state. All accommodated versions of these assessments produced by the State (Braille, enlarged-print, audio, and video) will be reproduced from a form 1 for each content area. Unless there is a total loss of vision, each student taking an audio version of an assessment must also have a regular print copy of a form 1 assessment booklet to use with the audio version. Accommodated versions of the assessments will be shipped with a Form 1 assessment booklet for the content area being assessed.

NOTE: Standard assessment accommodations do **not** change the construct that the assessment is measuring and **do** provide a valid score. Nonstandard accommodations change the construct that the assessment is measuring, rendering scores that are not valid. Use of nonstandard accommodations may also adversely affect a student's eligibility to earn a Michigan Merit Award scholarship. In addition, students who use nonstandard assessment accommodations will NOT count as being assessed for the calculation of the No Child Left Behind participation rates for both the school and district.

A school cannot make Adequate Yearly Progress (AYP) if it does not have a minimum participation rate of 95% for the entire school and each subgroup. Therefore, for students with disabilities, it is highly recommended that districts check to see how many IEPs indicate that a student is to use a nonstandard assessment accommodation. In light of the significant consequence of using nonstandard assessment accommodations, the IEP Team may find it prudent to review the use of nonstandard accommodations. Remember, this is an IEP Team decision! If there needs to be a change in what is stated in the IEP, the IEP can be amended using the Individualized Addendum Manual Insertion (February 2005). These documents can be found at www.mi.gov/ose-eis in the Administrative Forms, Guidelines & Procedures section.

All questions related to assessment accommodations for students with disabilities and Section 504 students should be directed to Peggy Dutcher, coordinator of Assessment for Students with Disabilities (email: **dutcherp@michigan.gov**, or phone 517-241-4416).

All questions related to assessment accommodations for English language learners, also referred to as Limited English Proficient, should be directed to Marilyn Roberts, director of the Office of Educational Assessment and Accountability (email: **robertsm@michigan.gov**, or phone 517-335-0567).

All questions related to the Michigan Merit Award scholarship should be directed to the Michigan Department of Treasury (toll-free 888-447-2687).

Audio Versions of Assessments

Only students whose IEP or Section 504 Plan specifies that the students routinely use audio accommodations may use the audio versions (compact discs or audiotapes) of the mathematics, science, and social studies MEAP assessments. Please note that there is no audio version of the writing sections of the English language arts (ELA) assessment because the directions and writing prompts are read aloud to all students. There is no audio version for the reading portion of the ELA assessments as it will change the construct being measured from reading to listening, making it a nonstandard accommodation.

- To order audio versions of the assessments, the District MEAP Coordinator should order online at www.michigan.gov/meap-secure.

The following instructions are to be used when administering audio versions of the assessments:

1. The assessments *must be administered to each student individually*, using equipment with a headset and counter if available or in a setting where the audio will not disturb other students.
2. Unless the student has a total loss of vision or needs the enlarged print version, students using the audio versions must have a printed copy of a Form 1 assessment booklet while they are taking the assessment. Make sure students indicate the form number on their answer folders as noted in the assessment directions. Also, make sure students indicate Form 1 on their answer folders as noted in the assessment directions.
3. Students should be able to use the equipment independently since this accommodation is used routinely in the classroom. Students may be assisted in playing the audio version, but may *not* be given any help with answering any assessment item.
4. Students who use the audio versions must use standard Fall 2005 answer folders, but may be given one of the following options:
 - Gridding their own answer folders
 - Marking answers in their assessment booklets and having a school staff member transcribe the answers into the answer folders
 - Indicating their responses to a certified school staff member who will then grid the answer folders
 - Braille their responses and have a certified school staff member transcribe the answers into the answer folders

5. The assessment administrator must read the directions from this *MEAP Assessment Administrator Manual* to the student exactly as written. Assessment directions are also included at the beginning of each audio version, but should be presented by the assessment administrator first so any questions the student has can be addressed.
6. Students should set their audio equipment counters to “0” at the start of each assessment and should be encouraged to write the counter number in their assessment booklet whenever there is a question they wish to reconsider later in the assessment session.
7. The CD Audio Assessment contains item-by-item CD tracking. Any instructions or assessment item scenario information is included on the track for the subsequent item. For example, Track 1 contains all assessment information leading up to and including item 1. Track 2 contains item 2, Track 3 contains item 3, and so on.
8. Answer folders for students who used the audio versions of the assessments must be packaged and returned with the other answer folders.
9. Audio versions of the assessments are **secure materials** that must be returned at the end of the assessment window. **No copies of these materials may be made, downloaded or retained.**

Video Versions of Assessments

Only English language learners (ELL) at the basic or lower intermediate proficiency levels are eligible to use video versions of MEAP assessments. Until the English Language Proficiency assessment is implemented statewide, schools and districts are encouraged to continue using their current local processes and assessments to determine a student’s level of English proficiency. In Fall 2005, videos are available in Spanish, Arabic, and English. Please note that there is no video version for the writing portions of the English language arts (ELA) assessment, as the directions and writing prompts are read aloud to all students. There is no video version for the reading portions of the ELA assessments as it will change the construct of what is being measured from reading to listening, making it a nonstandard accommodation.

- Spanish and Arabic video accommodations are an option for use with an English language learner who
 - ✓ is at the basic or lower intermediate English language proficiency levels, and
 - ✓ whose dominant language is Arabic or Spanish, and
 - ✓ is receiving bilingual instruction (e.g., transitional, two-way, or dual language) using the student’s native language in the school setting.
- English video accommodations that are read in English are an option for use with an English language learner who:
 - ✓ is at the basic or lower intermediate English language proficiency levels, and
 - ✓ is dominant in a language other than English.

When administering video versions of the assessments:

1. The assessments are to be administered to students, either individually or in small groups, in a setting where the video will not disturb other students.

2. Students using the video version must have a printed copy of a Form 1 assessment booklet while they are taking the assessment. Make sure students indicate the form number on their answer folders as noted in the assessment directions. NOTE: Make sure students indicate Form 1 on their answer folders as noted in the assessment directions.
3. Assessment directions are included at the beginning of each video version and the student will be shown how to mark bubbles on the separate answer folder. The instructor will need to make sure that the student has marked the appropriate video accommodation bubble on the student answer folder.
4. Each assessment question is marked on the DVD or videotape. This assists in rewinding to the appropriate place, if needed, during the assessment administration. If using a videotape, make sure it has been totally rewound prior to administering the assessment to a new student or group.

Videos are an optional accommodation. The district MEAP coordinator may order materials online at www.michigan.gov/meap-secure. When ordering, provide total numbers of student assessment materials needed by grade level, content area, and language (Spanish, Arabic, or English). Please note: This oral accommodation is provided for Form 1. All assessment booklets and answer documents are printed in English. Each school will receive one DVD or videotape per 20 students to be assessed.

Scribes, Tape Recorders, and Braillewriters

Dictating responses to a scribe or into a tape recorder is permissible. Students using one of these accommodations are to include specific instructions about punctuation, spelling, indentation, etc., for the writing assessment. Also, the use of a Braillewriter is permissible.

If a student uses a tape recorder, scribe, or Braillewriter as an assessment accommodation, a member of the school staff must transcribe the student's response into an answer folder. Spelling, punctuation, indentation, etc., must be transcribed *exactly* as it was in the student's original response. For students using the Braille version, it is important to grid the "Spec. Ed. – Braille" bubble on their answer folder(s). Use the "Other" bubble on the student answer folder(s) to indicate the student used a tape recorder or scribe as an accommodation.

Word Processors

The use of word processors is *only* permitted for students with disabilities who need that accommodation as defined in their IEP, or for general education students with a Section 504 Plan, or when needed due to the rapid onset of a medical disability. Because the English language arts assessment assesses use of the conventions of writing, including correct spelling and grammatical usage, students using word processors or word processing software as an accommodation must be monitored so that spelling, dictionary, thesaurus, and grammatical software are deactivated. Grid the "Other" bubble on the student answer folder(s) to indicate the student used a word processor as a standard assessment accommodation. If the spell check, dictionary, thesaurus, and grammatical software are NOT deactivated, the nonstandard assessment accommodation bubble must be gridded.

Word-processed answers do *not* need to be transcribed into an answer folder by school staff. Each word-processed page must be printed and identified with student and assessment identification information (student name and birth date; student's state Unique Identification Code (UIC); school and district codes and names; assessment window, grade, and subject), and inserted into an answer folder that has all required student identification information completed. Do not staple or otherwise attach word-processed pages to the answer folder.

All answer folders containing a word-processed insert must be shipped in an orange envelope marked “SPECIAL HANDLING AND/OR WORD PROCESSED DOCUMENTS.” This envelope is provided to the district MEAP coordinators with their Return of Materials Kit. This envelope is to be placed on the top of the first of the school’s answer folders.

Additional Paper

Additional paper may be used as an assessment accommodation if a student needs additional space to write the equivalent of the space provided in the student answer document and it will not fit in the student’s answer folder due to large handwriting. Each additional piece of paper must be identified with student and assessment identification information:

1. student name
2. birth date
3. the student’s Unique Identification Code (UIC)
4. school and district codes and names
5. assessment window
6. grade, and content area

The additional pages should be inserted into the student’s answer folder that has all required student identification information completed. Do not staple or otherwise attach the additional pages to the answer folder.

All answer folders containing additional papers must be shipped in an orange envelope marked “SPECIAL HANDLING AND/OR WORD PROCESSED DOCUMENTS.” This envelope is provided to the district MEAP coordinators with their Return of Materials Kit. This envelope is to be placed on the top of the first of the school’s answer folders.

Rapid Onset of Medical Disability

Prior to the MEAP assessments, a student may have rapid onset of a medical disability that warrants an assessment accommodation. For example,

- A few days prior to assessment, a student broke his/her arm. The student may need an assessment accommodation, either a word-processor or a scribe.
- A student has recently undergone surgery and is homebound or still in the hospital. The student may need to take the assessment at home or in the hospital with appropriate supervision of a school district professional.

In the case of rapid onset of a medical disability, MEAP asks the school’s principal or guidance counselor to document, for the student’s file, the date and nature of the disability (e.g., broken arm) and a description of the accommodation provided. This is considered a standard accommodation and should be filled in appropriately on the student answer folder.

Purpose of Assessment Accommodation Summary Table

The State Board of Education, at its June 2005 meeting, approved standard and nonstandard assessment accommodations for both the Michigan Educational Assessment Program (MEAP) and MI-Access (Michigan’s Alternate Assessment Program). The following provides a summary for Michigan educators, parents, and parties who are interested in the standard (S) and nonstandard (NS) accommodations for the MEAP for students eligible for special education, Section 504 students, and English language learners. The summary table of assessment accommodations is to be used by educators as a reference to determine if an assessment accommodation that has been determined appropriate for the student is a standard or

nonstandard accommodation for the MEAP. It is *not* to be used as a checklist for determining *what* assessment accommodations should be used for a student.

Assessment Accommodation Consequences

It is important to know whether an assessment accommodation is standard or nonstandard since it can affect whether a school or district meets the No Child Left Behind Adequate Yearly Progress (AYP). At the school, district, and subgroup (ethnicity, economically disadvantaged, English language learners, and Students with Disabilities) levels, a minimum of 95% of the students enrolled in each of the grades being assessed must first participate in the state's English language arts and mathematics assessments in order to make AYP.

A standard assessment accommodation is one that does not change what the specific assessment is measuring. The score received by a student using a standard assessment accommodation would count when calculating NCLB participation rates. A nonstandard assessment accommodation *does* change what the assessment is measuring and results in an invalid score. For example, the MEAP reading assessment is intended to measure how well a student can read through decoding. Therefore, if the reading passages and items are read to a student, it becomes a listening assessment and not a reading assessment. Another example is the use of a calculator on any portion of the MEAP mathematics assessments where calculators are not permitted. If a calculator is used on those portions of the assessment, it becomes a nonstandard assessment accommodation because it changes what the mathematics assessment is measuring. As a result, a student using a nonstandard assessment accommodation will *not* count as being assessed when calculating NCLB participation rates.

Use of a nonstandard assessment accommodation may also adversely affect a student's eligibility to earn a Michigan Merit Award. All questions related to the Michigan Merit Award should be directed to the Michigan Department of Treasury (toll-free 888-447-2687).

Assessment Accommodation Summary Table

Assessment accommodations not listed below are considered nonstandard.

| | |
|-------------|---|
| <i>Term</i> | <i>Explanation</i> |
| 504 | General education students who have Section 504 plans under the 1974 <i>Americans with Disabilities Act</i> (ADA) |
| ELL | English Language Learners |
| IEP | Individualized Education Program (special education student) |
| MEAP | Michigan Educational Assessment Program |
| NA | Not applicable |
| NS | Nonstandard assessment accommodation |
| S | Standard assessment accommodation |

| Assessment Accommodation | | MEAP | | |
|--------------------------|--|------|-----|-----|
| | | IEP | 504 | ELL |
| Timing/Scheduling | | | | |
| 1. | Extended assessment time within reason (approximately 1½ times the estimated assessment time) | S | S | S |
| 2. | Frequent or appropriate supervised breaks | S | S | S |
| 3. | Administration of the assessment at a time most beneficial to the student, with appropriate supervision | S | S | S |
| 4. | Clock or method of informing students of remaining time | S | S | S |
| Setting | | | | |
| 5. | Placement of student where he/she is most comfortable (e.g., front of the room, back of the room) | S | S | S |
| 6. | Administration of the assessment in a Bilingual/English as a Second Language (ESL) setting | S | S | S |
| 7. | Administration of the assessment in a special education setting | S | S | NA |
| 8. | Provision for assessment administration at home when student is homebound or in a care facility when medically necessary, with appropriate supervision by a school district professional | S | S | NA |
| 9. | Administration of assessment in a distraction free space or alternate location (e.g., separate room, or location within the room) with appropriate supervision | S | S | NA |
| 10. | Provision for assessment administration to student in an interim alternative education setting with appropriate supervision of a school district professional | S | S | NA |
| 11. | Administration of the assessment in a small group | S | S | S |
| 12. | Administration of the assessment individually | S | S | NA |
| 13. | Tools to assist with concentration | S | S | NA |
| 14. | Qualified person familiar to the student administers the assessment | S | S | S |
| 15. | Appropriate seating, special lighting, or furniture | S | S | NA |
| 16. | Able to move, stand or pace during assessment in a manner where others' work cannot be seen and is not distracting to others | S | S | S |
| 17. | Background music or noise buffers | S | S | NA |

| Presentation | | | |
|---|----|----|----|
| 18. Use of bilingual word-for-word non-electronic translation glossary for English language learners | S | S | S |
| 19. Use of bilingual dictionaries that define or explain words or terms | NS | NS | NS |
| 20. Use of dictionary, thesaurus, spelling book, or grammar book for mathematics, science, social studies, and English language arts | NS | NS | NS |
| 21. Use of screen reader for English language arts reading assessment | NS | NS | NS |
| 22. Use of an abacus | S | S | NA |
| 23. Use of arithmetic tables | NS | NS | NS |
| 24. Use of actual coins and bills | S | S | NA |
| 25. Use of manipulatives for mathematics assessments, such as base 10 blocks | S | S | NA |
| 26. Use of state-produced video or audio version of assessment, for English language learners, <u>read in English</u> for a student who is dominant in a native language other than English and determined to be at the basic or lower intermediate English language proficiency levels in the content areas of mathematics, science, and social studies. Also the writing section of the MEAP ELA or MI-Access ELA Expressing Ideas assessment. | S | S | S |
| 27. Use of state-produced video or audio version of the assessment, for English language learners, <u>read in English</u> for a student who is dominant in a native language other than English and determined to be at the basic or lower intermediate English language proficiency levels in the reading components of the English language arts assessment. | NS | NS | NS |
| 28. Use of state-produced video or audio version, for English language learners, of the mathematics, science, or social studies assessments <u>read in Arabic or Spanish</u> for a student whose dominant language is Arabic or Spanish and who is determined to be at the basic or lower intermediate English language proficiency levels, and provided that the student is receiving bilingual instruction (e.g., transitional, two-way or dual language) using the student's native languages in the school setting. | S | S | S |
| 29. Reading all directions to the student in the <u>student's native language</u> , provided that the student is dominant in a native language other than English and has been determined to be at the basic or lower intermediate English language proficiency levels and provided that the student is receiving bilingual instruction (e.g., transitional, two-way or dual language) using the student's native language in the school setting. | S | S | S |
| 30. Provision for student restatement of directions in the student's own words | S | S | S |
| 31. Students asking for clarification of directions | S | S | S |
| 32. Directions provided using sign language | S | S | NA |

| | | | |
|---|----|----|----|
| 33. Administration of assessment by Bilingual/ESL staff, or similarly qualified person | S | S | S |
| 34. Administration of the assessment by person familiar to the student | S | S | S |
| 35. Any assessment administration not directly supervised by a school district professional | NS | NS | NS |
| 36. Reading the MEAP English Language Arts Listening assessment to the student in his/her native language | NS | NS | NS |
| 37. Administer assessment sections in any order for English language arts, science, and social studies | S | S | S |
| 38. Administer assessment sections in any order for Mathematics | S | S | S |
| 39. Read/repeat directions to the student exactly as worded in the assessment booklet | S | S | S |
| 40. Emphasis on key words in directions | S | S | NA |
| 41. Provide visual, auditory or physical cues to student to begin, maintain or finish task | S | S | NA |
| 42. Reading aloud the MEAP reading components of the ELA assessment or the MI-Access accessing print assessment to the student | NS | NS | NS |
| 43. Reading aloud the MEAP mathematics, science and social studies assessments or the MI-Access mathematics assessment | S | S | S |
| 44. Reading of mathematics, social studies, and science assessment content and questions to a student <u>in the student's native language</u> , provided that the student is dominant in a native language other than English and has been determined to be at the basic or lower intermediate English language proficiency levels, and provided that the student is receiving bilingual instruction (e.g., transitional, two-way, or dual language) using the student's native language in the school setting. | S | S | S |
| 45. Sign the mathematics, science and social studies assessments | S | S | NA |
| 46. Sign the English language arts assessments | NS | NS | NA |
| 47. Use of a page turner | S | S | NA |
| 48. Placement of teacher/proctor near student | S | S | NA |
| 49. Use of rulers as provided by the State | S | S | S |
| 50. Use of adapted rulers, protractors, Braille and large print rulers and protractors. | S | S | NA |
| 51. Use of list of formulae as provided by the state | S | S | S |
| 52. Use of calculator/talking calculator on the noncalculator sections of the mathematics assessment | NS | NS | NA |
| 53. Use of calculator/talking calculator on the calculator permitted sections of the mathematics assessment | S | S | S |
| 54. Use of a calculator on the science and social studies assessments | S | S | S |
| 55. Use of magnification devices | S | S | NA |
| 56. Use of auditory amplification devices or special sound systems | S | S | NA |

| | | | |
|--|-----------|-----------|-----------|
| 57. Use of closed circuit television | S | S | NA |
| 58. Student's use of acetate colored shield, highlighters, highlighter tape, page flags, and reading guides. | S | S | S |
| 59. Use of non-skid surface that will not damage the answer document or scanning equipment (DO NOT use tape or other adhesive) | S | S | NA |
| 60. State produced Braille and enlarged print versions of assessment | S | S | NA |
| 61. State produced audio versions of the assessments | S | S | S |
| Response | | | |
| 62. Responding in the student's native language to the constructed response items on assessments. | NS | NS | NS |
| 63. Oral responses | S | S | NA |
| 64. Use of a scribe for constructed response items (student must indicate punctuation, format and spell all key words) for ELA assessments | S | S | NA |
| 65. Use of a scribe for constructed response items for mathematics, science and/or social studies assessments | S | S | S |
| 66. Student dictates responses into a tape recorder and teacher transcribes response exactly as dictated for mathematics, science, and social studies assessments. | S | S | NA |
| 67. Respond in sign language for English language arts | NS | NS | NS |
| 68. Respond in sign language for mathematics, science and social studies assessments | S | S | S |
| 69. Use of augmentative communication devices | S | S | NA |
| 70. Use of computer or word processor with spell check, thesaurus, and grammar check <u>disabled</u> for ELA assessment. | S | S | NA |
| 71. Use of computer or word processor with spell check, thesaurus and grammar check NOT disabled for Mathematics, Science and Social Studies. | S | S | NA |
| 72. Student points to answers or writes directly in assessment booklet (transferred to answer document by teacher) | S | S | S |
| 73. Use of Braillewriter | S | S | NA |
| 74. Use of a scribe for constructed response items (student must indicate punctuation and spell all key words) | S | S | NA |
| 75. Adapted paper, lined or grid paper for recording answers | S | S | NA |
| 76. Use of computers with alternative access for an alternative response mode | S | S | NA |
| 77. Use of speech to text word processor for responses for English language arts | NS | NS | NA |
| 78. Use of speech to text word processing for mathematics, science and social studies | S | S | NA |
| 79. Use of alternative writing position | S | S | NA |
| 80. Use of special adaptive writing tools such as pencil grip or larger pencil. | S | S | NA |
| 81. Write directly in assessment booklet | S | S | S |

Assessment Administration Guidelines

The purpose of the MEAP assessments is to accurately measure student achievement in English language arts, mathematics, science, and social studies. To accomplish this purpose, school personnel administering the assessments play a crucial role. Assessment administrators can minimize problems that interfere with assessing students by addressing the following guidelines:

- maintain the security of all assessment materials before, during, and after the assessment, and between assessment sessions;
- administer the assessments in a manner consistent with established assessment procedures;
- establish assessment conditions that prevent opportunities for students to engage in irregular behaviors (intentional or unintentional);
- review student information completed on answer folders and the New Student Registration Form (if used) for accuracy;
- communicate with the district MEAP coordinator if questions arise.

Assessment Security

Assessment booklets (including Braille, enlarged-print, audio, and video versions) are secure materials that must be carefully monitored. **MEAP assessment booklets are secure documents and may no longer be copied or retained in schools. They must be kept in locked storage both before and after the assessments and returned to MEAP Scoring Services as directed. No person, other than students to be assessed, shall be allowed to review or take the assessment.**

A sample of the MEAP Security Compliance Form is included on page 59 in this manual. This form is to be signed by each district and building MEAP coordinator, assessment administrator, assessment proctor, and accommodations provider and returned to the MEAP Scoring Services along with the completed assessment materials.

Leaving the Room During the Assessment

Students may be allowed to go to the restroom during the assessment, but it is best not to make a general announcement to that effect. Only one student may leave the assessment room at a time. Collect the assessment booklet and answer folder from the student upon leaving and redistribute them to the student upon returning. ***Assessment administrators must not leave an assessment room unsupervised at any time.***

Monitoring Assessment Administration

District and/or building MEAP coordinators should monitor assessment sessions when possible to verify that instructions are carried out properly. Consider the following:

- Are students being allowed to work at their own pace?
- Are student questions about the directions being answered before an assessment session begins?
- Are assessment administrators only answering questions about assessment directions and not about specific items?

Assessment administrators and proctors are responsible for monitoring student activities during the assessment to make sure students are progressing through the assessments and are not confused about directions. During the assessment, make sure to:

- Distribute all materials to students. Check for appropriate assessment booklets and answer documents.
- Remind students to turn off all electronic communication devices (cell phones, pagers, PDAs, etc.) and store out of sight.
- Ensure that the only materials on the students' desk and tables are those authorized for use in that part of the assessment.
- Administer the assessments according to the assessment administration manual.
- Read directions **exactly as they appear** in the administration manual to students. Answer questions about assessment directions as described in the administration manuals.
- Monitor the assessment sessions by moving throughout the assessment room.
- Ensure that students are working in the correct section of their assessment booklets and are marking their responses in the appropriate areas of their answer document. Student responses are limited to the answer spaces provided.
- Ensure that the assessment room is quiet during the entire assessment administration.
- Remain in the assessment room at all times unless replaced by another trained staff member.
- Report any incidents of questionable student behavior or deviations in the assessment administration to the building assessment coordinator for early and fair resolution of any concerns.
- Ensure that students not be allowed to leave the assessment room unless extenuating circumstances are present. If a student must leave, Assessment Administrators must collect the assessment booklet and answer document and return them to the student upon his/her return. Only one student may leave the room at a time.

Also consider the following:

- Are students marking their responses in the correct document (answer folder versus the booklet)?
- Are students marking their responses in the correct section of the answer folder?
- Are there a large number of erasures? Are students confused about the directions or having other problems?
- Are students doodling or marking randomly? Do they appear to be racing through the assessment? Students may underline, highlight or write notes in their booklets only. Remind them of the importance of the assessment results.
- Are any students distracting others? If so, they should be moved to a separate assessment room.
- Are students working in the correct section of the assessment booklet? Students are not permitted to return to previously-administered sections of a assessment after a session is complete. Students may *not* revisit assessment answers *for any reason* after assessment booklets and answer folders have been collected.

Administrative Errors During Assessment

If an administrative error occurs during assessment, it should be reported immediately to the MEAP office by the District MEAP Coordinator. Phone 1-877-560-8378 or email MEAP@michigan.gov. The prompt reporting of an administrative error may allow a remedy to be implemented (administration of an emergency assessment to affected students, for example) that would allow the school and students to obtain valid scores.

Some examples of administrative errors include:

- Not allowing a student to complete the assessment.
- Failing to keep assessment materials secure at any time before, during, or after the assessment.
- Allowing students to be unsupervised during assessment.

If there is any question about whether or not an administrative error has occurred, please contact the MEAP office. The first concern of MEAP staff will be to assist the district in obtaining valid scores.

Unethical Practices During Assessment

The “Unethical Practice” bubble on student answer folders is to be used to identify students who engage in an unethical practice. In August, 2005, the State Board of Education approved a revised Office of Educational Assessment and Accountability (OEAA) *Professional Assessment and Accountability Practices for Educators*. This document is available at the OEAA website (www.michigan.gov/oeaa). This document establishes the “ground rules” for how each assessment is to be administered. It is recommended that the document be downloaded from the website and read in its entirety as it contains specific information for individuals based on assessment responsibilities.

School personnel should review this section prior to administering the assessments. Students should also be informed of appropriate assessment practices. Students should also be made aware of unethical assessment practices and the potential consequences. Inappropriate and unethical student assessment practices include any of the following instances:

- Communicate or collaborate in any manner with another student. This includes written, electronic, verbal, or gestured forms of communication.
- Copy another student’s answers, or request or accept any help from another person.
- Use any material or equipment that is not expressly permitted by the assessment administration manual.
- Answer an assessment question or any part of an assessment for another student, or provide assistance to another student before or while that student is taking a state assessment.
- Return to previously administered sections of the assessment after an assessment session is complete.
- Use prohibited calculator, communication, or information storage device (i.e., pager, cell phone, PDA, etc.).
- Engage in any other practice that has the intent of artificially affecting the student’s score or the score of another student.

All reasonable attempts should be made to redirect students with questionable activity. If the Assessment Administrator (or Assessment Proctor) observes a student who appears to be engaged in one or more of the unethical practices, the Assessment Administrator should allow the suspected student(s) to finish the assessment and code the student's answer folder by filling in the "Unethical Practice" bubble. The Assessment Administrator is to immediately notify the building assessment coordinator of the suspected prohibited practice. An immediate preliminary investigation with appropriate documentation is to be conducted to determine if an unethical practice occurred. The District Assessment Coordinator can be a valuable resource in the preliminary investigation and should be notified about any unethical practice(s).

The principal is to then notify the student and his or her parent or guardian of the alleged prohibited practice and provide them with a chance to respond.

If the principal determines that the student has not engaged in a prohibited practice, as reported, and notifies the OEAA in writing within 20 school days of the last day of the assessment cycle, the assessment score(s) will not be invalidated, the OEAA will restore the affected score(s). **If the principal does not notify the OEAA within the 20 school days, the score(s) will remain invalidated and the results will not be used for Adequate Yearly Progress (AYP). This may also adversely affect a student's eligibility to earn a Michigan Merit Award scholarship. A student without a valid assessment score will be considered "not assessed" for AYP purposes.**

New Student Registration Forms, Student Labels, and Answer Folders

Every student taking a MEAP assessment will have a separate answer folder for English language arts (ELA), mathematics, science, and social studies. Answer folders will be delivered to schools in sufficient quantities based on student registration and the school's historical information allowing for an adequate overage to accommodate any late registrants. Students who have no preprinted label or answer folder will need to provide registration information using the online registration process or the New Student Registration Form – Side 2. Contact your district MEAP coordinator if you need assistance to do online registration.

New Student Registration Form – Side 2 – Alpha Grid

If online registration is not available, please read Side 1 of the New Student Registration Form and then continue on to Side 2 to complete a student's registration using the alpha grid.

Clearly print the student name, teacher name, grade level, school name, district name, and subject in the spaces provided at the top of the form. Fill in and darken the appropriate circles for the student's name (last, first, and middle initial), birth date, ethnicity, grade and gender.

A separate New Student Registration Form must be completed for **each** subject.

Ethnicity

The following classifications and definitions are based on the U.S. Office of Management and Budget's directive on Race and Ethnic Standards for Federal Statistics and Administrative Reporting. "These classifications should not be interpreted as being scientific or anthropological in nature, nor should they be viewed as determinants of eligibility for participation in any federal program." (OMB Directive No. 15.) The student should fill out the classifications since they reflect the individual's recognition of his or her community. Classifications will be used only for the purpose of reporting.

1. ***American Indian or Alaskan Native*** – a person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliations or community recognition
2. ***Asian or Pacific Islander*** – a person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands; this area includes, for example, China, India, Japan, Korea, the Philippine Islands, and Samoa
3. ***Black, not of Hispanic Origin*** – a person having origins in any of the black racial groups of Africa
4. ***Hispanic*** – a person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race
5. ***White, not of Hispanic Origin*** – a person having origins in any of the original peoples of Europe, North Africa, or the Middle East
6. ***Multiracial*** – a person of mixed racial and/or ethnic origins.

School Use Only

It is very important to fill in and darken the circles for the **building code** accurately. If this information is inaccurate or blank, the student's results cannot be returned to the proper district/school. An assessment administrator can obtain the correct building code by contacting the district MEAP coordinator or by accessing the Center for Educational Performance and Information (CEPI) School Code Master website <http://cepi.state.mi.us/scm/> and following the steps listed.

The "MEAP Use Only" is to be used only as instructed under special notice by the MEAP Office.

In the "School Use Only" box at the bottom of the page, mark all that apply of the following classifications:

1. ***Economically Disadvantaged (ED)*** – A student from a low-income family defined as eligible by the income guidelines for free and reduced-price meals (This information is required for all districts that receive Title I funds; the U.S. Department of Agriculture has ruled that eligible children may be identified on state assessments to meet this requirement.)
2. ***English Language Learners (ELL) also known as Limited English Proficient (LEP)*** – The term “limited English proficient,” when used with respect to an individual, means an individual
 - (A) who is aged 3 through 21;
 - (B) who is enrolled or preparing to enroll in an elementary school or secondary school;
 - (C)
 - (i) who was not born in the United States or whose native language is a language other than English;
 - (ii)
 - (I) who is a Native American or Alaska Native, or a native resident of the outlying areas; and
 - (II) who comes from an environment where a language other than English has had a significant impact on the individual’s level of English language proficiency; or
 - (iii) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant; and
 - (D) whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual
 - (i) the ability to meet the State’s proficient level of achievement on State assessments described in section 1111(b)(3);
 - (ii) the ability to successfully achieve in classrooms where the language of instruction is English; or
 - (iii) the opportunity to participate fully in society.
3. ***Migratory Status (MS)*** – A student who has moved with a parent or guardian or on his or her own within the past 36 months from one school district to another for the purpose of securing temporary or seasonal work in agriculture or fishing.
4. ***Special Education (SE)*** – A student who is determined by an individualized education program team or a hearing officer to have 1 or more of the impairments that necessitates special education or related services, who is not more than 25 years of age as of September 1 of the school year of enrollment, who has not completed a normal course of study, and who has not graduated. (Reference Michigan Administrative Rule 340.1702, Rule 2)

Student Answer Folders

It is very important that students are using the answer folder that corresponds to the assessment being administered.

There are several boxes on student answer folders with “*School Use Only*” coding. Schools must make the decision as to whether these circles are filled in.

Research I and II Fields – In addition to the usual school and district summaries, research reports provide districts an opportunity to receive results disaggregated by up to ten groups per report. In the past, school districts have used this option to answer such questions as:

- a. Is there a relationship between the number of years students have attended school in our district and their test scores?
- b. Is there a difference in attainment of achievement objectives among those students who had reading program A vs. reading program B vs. reading program C, etc.?
- c. Do students in nongraded classrooms score differently from students in “conventional” classrooms?

The following three important points should be considered before deciding to use research codes:

- a. Research questions must be developed at the district level, and each report response must be assigned a different number from one to ten. Each student may code one response per report on his or her answer folder (one response in the Report I column and one response in the Report II column).
- b. Coding information must be provided to building MEAP coordinators and assessment administrators if students are to code their own answer folders.
- c. Districts may elect to use one or both of the Research Report options at any or all of the grades tested.

Accommodations

This accommodations section of the “*School Use Only*” area on student answer folders is used to identify the accommodation as required by the No Child Left Behind Act of 2001.

The English language arts answer folders provide the opportunity to identify specific accommodations used for students on different parts of the ELA test. Answer folders for mathematics, science and social studies list the same accommodations, in addition to use of an audio version of the test for use with special education students. Mark all that apply.

English Language Learner (ELL) Students:

English Video – A student who used the English video version of the assessment

Spanish Video – A student who used the Spanish video version of the assessment

Arabic Video – A student who used the Arabic video version of the assessment

Reading in English – A student who had the assessment directions read in English

Reading in Native Language – A student who had the assessment directions read in a native language other than English

Other – A student who used other standard accommodations

Students with Disabilities:

Braille – A student who has used the Braille version of the assessment.

Enlarged Print – A student who has used the enlarged print version of the assessment.

Audio – A student who has used the audio version of the assessment. There is no audio version of the English language arts assessment.

Other – A student who used other standard accommodations

Nonstandard Accommodations – Any student who receives a nonstandard accommodation on the assessment must have this circle filled in on their answer folder. (See Assessment Accommodations beginning on page 13).

Report Codes have been included in the box marked “*School Use Only.*” Schools must make the decision as to whether these circles are completed, using the following guidelines. Mark all that apply.

Home Schooled – If an assessed student is home schooled, fill in the “Home Schooled” circle. This will ensure that home-schooled students’ scores will not be included in the district or school reports. Home-schooled students are not required to take the MEAP assessments, but may test during the district’s assessment window. Home-schooled students should contact their local school district for assessment information. Public school districts are required to administer the MEAP assessments to home-schooled students who wish to test. Districts will receive separate reports for a home-schooled student, plus a parent report. The parent report should be forwarded to the parents of each home-schooled student.

Formerly Limited English Proficient (LEP) – A student is designated as formerly LEP when he or she is no longer designated LEP by a school or school district; or is no longer receiving support services to acquire English language proficiency. This designation must be used to track student achievement for two years after the LEP designation has been removed. (No Child Left Behind, Title III, Subpart 2, Section 3121.)

Homeless – A homeless student is one who lacks a fixed, regular, and adequate nighttime residence. This includes students who live in shelters, abandoned buildings, cars and public spaces, as well as students whose families share housing with other families because of economic hardship or live in motels, hotels, trailer parks, or campgrounds.

Student Unethical Practice – See definition for use of the “Unethical Practice” bubble on page 25 of this manual.

Spanish – Used to identify native language for ELL or FLEP students.

Arabic – Used to identify native language for ELL or FLEP students.

Chaldean – Used to identify native language for ELL or FLEP students.

Other Language – Used to identify native language for ELL or FLEP students.

Class/Group Number

The purpose of this information is to allow districts and schools to receive their reports organized by a class or group designation. It is the responsibility of the school or district to define class/group numbers that are most useful to the district or school. This is an optional field. See your MEAP coordinator for your class/group number.

Assessment Date

Students are given instructions to fill in the assessment date at the time of the assessment. If an assessment is administered over more than one day, the first date the subject area assessment was administered should be completed.

Form

Students are given instructions to fill in the form number from the front of their assessment booklet at the time of the assessment.

Assessment Administrator Directions:
High School English Language Arts (ELA) Assessment

This *MEAP Assessment Administrator Manual* contains detailed assessment administration procedures. It also contains appropriate and inappropriate assessment preparation and administration guidelines, and other valuable tips and instructions. It is important that assessment administrators review this entire manual before administering the assessment.

It is particularly important to understand the difference between helping students understand assessment directions and helping them with their responses. With the exception of making sure students understand the directions and implementing any approved accommodations, assessment administrators and proctors **may not give help of any kind** to students during this assessment. This includes defining or pronouncing words and reading any part of the assessment aloud to students, except where specifically indicated in the directions. These activities are inappropriate and will result in assessment scores being invalidated.

Materials

| Assessment Administrator | Student |
|--|--|
| <ul style="list-style-type: none">• HS ELA Assessment Booklet• HS ELA Answer Folder• MEAP Assessment Administrator Manual• Dictionaries, thesauri, grammar books, and spelling books* | <ul style="list-style-type: none">• HS ELA Assessment Booklet• HS ELA Answer Folder• Number 2 Pencil• Dictionary, thesaurus, grammar book, spelling book (optional)• Pen with blue or black ink (optional) |

Assessment booklets are secure materials that must be carefully monitored. These materials must be kept in **locked** storage while in schools. Students may underline, highlight or write notes in their assessment booklets. **No scrap paper or additional sheets of paper may be used.**

*Students may use dictionaries or other reference materials during **Part 1: Writing (Sessions 1 and 2)**, but **NOT** for any other parts of the assessment.

Assessment Length

This assessment is untimed and student-paced. Students must be given as much time as needed during the same continuous session to complete each session of this assessment. The following are approximate times needed for each assessment session:

| | |
|---|-------------------------------|
| Part 1: Writing | |
| Session 1: Writing from Knowledge and Experience..... | 80 minutes (approximately) |
| Polished response to a given theme | |
| Session 2: Reporting and Reflecting..... | 35–45 minutes (approximately) |
| (No portfolio pieces required) | |
| Part 2: Reading (2A and 2B) | 80 minutes (approximately) |

The ELA assessment no longer needs to be administered in the order given in this manual. Parts 1 and 2 are no longer thematically linked. Students who need only a writing (Part 1, both sessions) or reading (Parts 2A, 2B, and 2C) score for Merit Award purposes may take only the portion they need.

Directions

Passages printed in boldface and preceded by the word **SAY** are instructions to students and are to be read aloud *exactly as they are written*. (The italicized instructions to the assessment administrator are not read aloud to the students.) Pause periodically to make sure students understand these directions and answer questions as necessary. When referring to a new document or a particular area on a document, hold the item up and point to the proper area to help students find their place.

Approximately 10 minutes should be scheduled prior to the assessment to complete the New Student Registration Form for any student who does not have a preprinted label or answer folder. See page 60 for instructions on completing this form. A separate form must be placed in the student's answer folder for each subject. Additional time is necessary to distribute materials and read directions.

Part 1: Writing**Session 1: Writing from Knowledge and Experience**

Distribute an English Language Arts booklet and answer folder to every student. **No additional sheets may be used for any part of this assessment.**

Students are not allowed to have food, drinks, snacks, etc., on their desk or table during the assessment. If a student must have any of these items, the items must be stored away from the assessment surface (under seats, on the floor, etc.).

SAY: During the assessment, you must turn off and put away all electronic communication devices, including cell phones, palm pilots, etc. The only items you should have on your desk or table are the materials necessary for testing.

Make sure you have the Fall 2005 assessment booklet for the High School English Language Arts. Write your name on the cover of the assessment booklet in the upper right-hand corner using a number 2 pencil.

Please look at your Fall 2005 answer folder for the High School English Language Arts. In the lower left-hand corner is a barcode label. Raise your hand if your name does not appear on this label.

If a student has used a New Student Registration Form, there will not be a student name on the answer folder. Please make sure each student has his or her own answer folder before the assessment begins. If the student's name is misspelled, corrections can be made at a later date on the MEAP website. The problem may have to be corrected by giving the student a blank answer folder. Immediately notify the building MEAP coordinator who can help you resolve this problem after testing is completed. Assessment administration may proceed.

SAY: Look at the top of your answer folder. Print your name (no nicknames) on the first line. Print your teacher's full name on the second line. Next to the word "School," print your school's name (do not use abbreviations). Next to the word "District," print your district's name (do not use abbreviations).

Instruct students to give the full name of the teacher, district and school (do not use abbreviations). Give students time to complete this information.

SAY: Also on the cover page, there is a box entitled "Assessment Date." Please write in today's date and fill in the corresponding circles using a number 2 pencil. The first column is for the month. The next two spaces are for today's date. The year is already provided.

Inform students of the correct date (which is the first date the assessment is administered) and assist them in filling in the circles.

SAY: This assessment is designed to measure your writing ability in two separate sessions. The writing from the two sessions will be scored independently of one another. It is important that you do your best.

During this assessment, I can help you understand the directions, but I cannot give you any help on any items. Except for the directions, I cannot define or pronounce words or read any part of the assessment to you.

Now, listen carefully as I read the directions to you.

Open the High School English Language Arts booklet to page 1. Read the directions silently while I read them aloud.

Read all of pages 1 and 2 aloud from a MEAP High School English Language Arts Booklet.

After approximately 80 minutes, or when you think most students have had sufficient time to copy their final responses into their answer folders,

SAY: It is time now to stop. Please put all assessment materials down, and close your booklets and answer folders. Remain quietly in your seats until all materials are collected.

Follow the instructions under “Ending an Assessment Session” on page 49.

Part 1: Writing

Session 2 – Reporting and Reflecting (on a given prompt – no portfolio pieces)

If necessary, redistribute the students’ High School English Language Arts Booklets and answer folders. No additional sheets may be used for any part of this assessment.

SAY: We are now ready to begin. Please give me your attention.

Make sure you have your own booklet, answer folder and a number 2 pencil or pen.

Session 2 of the writing assessment requires you to think critically and report and/or reflect on a piece of writing from a high school student.

Turn to page 10 in your booklet. Read the directions silently while I read them aloud.

Read all of page 10 aloud from a MEAP High School English Language Arts Booklet.

SAY: Please raise your hand if you do not understand the directions for this part of the assessment.

You may begin.

After approximately 35–45 minutes, or when most or all of the students have completed this portion,

SAY: It is time now to stop. Please put all assessment materials down, and close your booklets and answer folders. Remain quietly in your seats until all materials are collected.

Follow the instructions for “Ending an Assessment Session” on page 49.

Part 2: Reading

Redistribute the students' High School English Language Arts Booklets and answer folders. Remind students to put away all other materials. Dictionaries and other reference materials may **not** be used during this part of the assessment.

Students are not allowed to have food, drinks, snacks, etc., on their desk or table during the assessment. If a student must have any of these items, the items must be stored away from the assessment surface (under seats, on the floor, etc.).

SAY: During this assessment, you must turn off and put away all electronic communication devices, including cell phones, palm pilots, etc. The only items you should have on your desk or table are the materials necessary for the assessment.

Make sure you have your own Fall 2005 High School English Language Arts Booklet.

Turn to page 9 of your answer folder, which is the beginning of Part 2A: Reading for Understanding.

Open your booklet to page 17. Follow along in your booklet as I read the directions to you.

The only materials you should have for the remainder of the assessment are your own booklet, your Answer Folder, and a pencil. You may not use any resource materials. Put away all dictionaries, grammar books, and spelling books, if you have not already done so.

In Part 2A, you will be reading two selections. Each selection is followed by nine multiple-choice questions. Then you will answer seven multiple-choice questions that will ask you to think about both of the selections. All answers for Part 2A must be marked on page 9 of your Answer Folder.

At the end of the Part 2A multiple-choice questions, continue on with Part 2B, the Response to the Paired Reading Selections. A checklist to help you with your Response to the Paired Reading Selections is included on page 32. The scoring guide that will be used to score your response is included on page 33 of your booklet. Your entire Response to the Paired Reading Selections must be entered into your answer folder starting on page 10.

You must support your answer with examples from both of the reading selections to be considered for full credit. You must also show a connection across the two selections.

You may underline, highlight, or write notes in your booklet to help you, but you must mark all of your answers in your answer folder.

You will have as much time as you need to read the reading selections and to answer the questions that follow. You may look back at the selections at any time.

Please raise your hand if you do not understand the directions to this part of the assessment. You may now begin.

After approximately 80 minutes or when most or all of the students have completed this portion,

SAY: It is time now to stop. Please put all assessment materials down, and close your booklets and answer folders. Remain quietly in your seats until all materials are collected.

Follow the instructions under "Ending an Assessment Session" on page 49.

Assessment Administrator Directions: High School Mathematics Assessment

This *MEAP Assessment Administrator Manual* contains detailed assessment administration procedures. It also contains appropriate and inappropriate assessment preparation and administration guidelines, and other valuable tips and instructions. It is important that assessment administrators review this entire manual before administering the assessment.

It is particularly important to understand the difference between helping students understand assessment directions and helping them with their responses. With the exception of making sure students understand the directions and implementing any approved accommodations, assessment administrators and proctors **may not give help of any kind** to students during this assessment. This includes defining or pronouncing words and reading any part of the assessment aloud to students, except where specifically indicated in the directions. These activities are inappropriate and will result in assessment scores being invalidated.

Materials

| Assessment Administrator | Student |
|---|--|
| <ul style="list-style-type: none">• High School Mathematics Booklet• High School Mathematics Answer Folder• MEAP Assessment Administrator Manual• Calculators for Student Use (optional)• Overlay Sheet | <ul style="list-style-type: none">• High School Mathematics Booklet• High School Mathematics Answer Folder• Number 2 Pencil• Calculators for Student Use (optional)• Overlay Sheet |

Assessment booklets are secure materials that must be carefully monitored and kept in **locked** storage while in schools. Students may **not** use dictionaries or other reference materials during this assessment. Students may **not** use scratch paper, pens, or other devices not listed above unless specified for student accommodation. Students may underline, highlight or write notes only in their assessment booklets. No additional sheets may be used.

Assessment Length

This assessment is untimed and student-paced. Students must be given as much time as needed during the same continuous session to complete each section of this assessment. Following are the times needed for each assessment session:

| | |
|--------------|-------------------------------|
| Part 1 | 50–60 minutes (approximately) |
| Part 2 | 50–60 minutes (approximately) |

Approximately 10 minutes should be scheduled prior to the assessment to complete the New Student Registration Form for any student who does not have a preprinted label or answer folder. See page 60 for instructions on completing this form. This form must be placed in each student’s answer folder for each subject. Additional time is necessary to distribute materials and read directions.

Directions

Passages printed in boldface and preceded by the word **SAY** are instructions to students and are to be read aloud *exactly as they are written*. (The italicized instructions to the assessment administrator are not read aloud to the students.) Pause periodically to make sure students understand these directions, and answer questions as necessary. When referring to a new document or a particular area on a document, hold the item up and point to the proper area to help students find their place.

Part 1: High School Mathematics Assessment

Distribute all assessment materials including overlays to students. Reference sheets are printed in the assessment booklet on pages 3–4, and can be removed by the students for use during the assessment. Remind students to put away all other materials, including dictionaries and other reference materials that may **not** be used during this assessment. Students may use their own calculators on all parts of this assessment, but may **not** share calculators with one another.

Students are not allowed to have food, drinks, snacks, etc., on their desk or table during the assessment. If a student must have any of these items, the items must be stored away from the assessment surface (under seats, on the floor, etc.).

SAY: During the assessment, you must turn off and put away all electronic communication devices, including cell phones, palm pilots, etc. The only items you should have on your desk or table are the materials necessary for the assessment. Calculators with a QWERTY style keyboard are not permitted. Calculators built into cellular phones or other wireless communication devices or that can communicate wirelessly with other calculators are not permitted. You may not share calculators. Calculators that can make noise must have the sound feature turned off. Calculators that have paper tape must have the tape removed. Calculators with power cords must have the cord removed.

Make sure that you have the High School Mathematics Booklet for Fall 2005. Write your name on the cover of the booklet in the upper right-hand corner.

Please look at your Fall 2005 Answer Folder for High School Mathematics. In the lower left-hand corner is a barcode label. Raise your hand if your name does not appear on this label.

If a student has used a New Student Registration Form, there will not be a student name on the answer folder. Please make sure each student has his or her own answer folder before testing begins. If the student's name is misspelled, corrections can be made at a later date on the MEAP website. The problem may have to be corrected by giving the student a blank answer folder. Immediately notify the building MEAP coordinator who can help you resolve this problem after testing is completed. Test administration may proceed.

SAY: Look at the top of your answer folder. Print your name (no nicknames) on the first line. Print your teacher's full name on the second line. Next to the word "School," print your school's name (do not use abbreviations). Next to the word "District," print your district's name (do not use abbreviations).

Instruct students to give the full name of the teacher, district and school (do not use abbreviations). Give students time to complete this information.

SAY: Also on the cover page, there is a box entitled "Assessment Date." Please write in today's date and fill in the corresponding circles using a number 2 pencil. The first column is for the month. The next two spaces are for today's date. The year is already provided.

Inform students of the correct date (which is the first date the assessment is administered) and assist them with filling in the circles.

SAY: Now find the box to the right, entitled “Form.” Look at the front cover of your High School Mathematics Booklet. In the upper left-hand corner, next to where you wrote your name, you will see the word “form” and a number. In the “Form” box on your answer folder, please fill in the circle with the number of the form found on the front cover of your test booklet.

Assist students in finding the form number on the front of their test booklets and in filling in the correct circle.

SAY: On the inside front cover of the mathematics answer folder contains several fields that have been added to collect information for the Michigan Merit Award.

The Michigan Merit Award Office would like to be able to notify Michigan post secondary schools of students’ potential interest in attending their school following graduation. This allows them to prepare award notifications in a timely manner. Your actual scores will not be given to colleges. Only your eligibility for a Merit Award will be indicated.

In the box entitled “Post Secondary School Choices,” please indicate, if you can, up to four schools that you have interest in attending.

Use the four-digit code of the school or schools from the list “Codes for Michigan Post Secondary Schools” on pages 1 and 2 of your booklet. Print the four-digit code(s) in the boxes provided. Fill in the corresponding circles.

Near the end of the list there are codes to indicate that you: (1) may want to attend a vocational/technical school not on the list or (2) you may attend a school or college outside of Michigan. If you are undecided about your choice of a post secondary school, just leave the box blank.

Give students time to complete the above information.

SAY: Now find the box marked EXPECTED DATE OF GRADUATION. In the columns, print the month abbreviation and the year you expect to graduate. Fill in the corresponding circles.

Give students time to complete the above information.

SAY: Now turn to page 3 of the booklet. This page is a Reference Sheet containing information you may find helpful. Fold the page along the perforation, then carefully remove it from your booklet. You may use this sheet throughout the assessment.

SAY: Turn to page 5 of the booklet. Read the directions silently, as I read them aloud.

Read all of pages 5 and 6 from a MEAP High School Mathematics Booklet aloud to the students.

SAY: You may use the overlay and a calculator on any part of this assessment. For the constructed-response items, you must write your entire response in the answer folder. No additional sheets may be used.

Please raise your hand if you do not understand the directions for this part of the assessment.

You may now begin.

After approximately 50–60 minutes or when most or all of the students have completed this portion,

SAY: It is time now to stop. Please put all assessment materials down, and close your booklets and answer folders. Remain quietly in your seats until all materials are collected.

Follow the instructions under “Ending an Assessment Session” on page 49.

Part 2: High School Mathematics Assessment

If necessary, redistribute all assessment materials to students. Students may use their own calculators, but may **not** share calculators with one another.

Students are not allowed to have food, drinks, snacks, etc., on their desk or table during the assessment. If a student must have any of these items, the items must be stored away from the assessment surface (under seats, on the floor, etc.).

SAY: During the assessment, you must turn off and put away all electronic communication devices, including cell phones, palm pilots, etc. The only items you should have on your desk or table are the materials necessary for the assessment. Calculators with a QWERTY style keyboard are not permitted. Calculators built into cellular phones or other wireless communication devices or that can communicate wirelessly with other calculators are not permitted. You may not share calculators. Calculators that can make noise must have the sound feature turned off. Calculators that have paper tape must have the tape removed. Calculators with power cords must have the cord removed.

You are now going to take Part 2 of the MEAP Mathematics high school assessment. Make sure you have your own booklet, answer folder, and a number 2 pencil.

Turn to page 4 of your answer folder, which is the beginning of Part 2: Mathematics.

Open your booklet to page 19. Read the directions silently as I read them aloud.

Read all of page 19 from a MEAP High School Mathematics Booklet aloud to the students.

SAY: You may use the overlay and a calculator on any part of this assessment. For the constructed-response items, you must write your entire response in the answer folder. No additional sheets may be used.

You may now turn the page and begin.

After approximately 50–60 minutes or when most or all of the students have completed this portion,

SAY: It is time now to stop. Please put all assessment materials down, and close your booklets and answer folders. Remain quietly in your seats until all materials are collected.

Follow the instructions under “Ending an Assessment Session” on page 49.

Assessment Administrator Directions: High School Science Assessment

This *MEAP Assessment Administrator Manual* contains detailed test administration procedures. It also contains appropriate and inappropriate assessment preparation and administration guidelines, and other valuable tips and instructions. It is important that assessment administrators review this entire manual before administering the assessment.

It is particularly important to understand the difference between helping students understand assessment directions and helping them with their responses. With the exception of making sure students understand the directions and implementing any approved accommodations, assessment administrators and proctors **may not give help of any kind** to students during this test. This includes defining or pronouncing words and reading any part of the assessment aloud to students, except where specifically indicated in the directions. These activities are inappropriate and will result in assessment scores being invalidated.

Materials

Assessment Administrator

- MEAP High School Science Booklet
- High School Science Answer Folder
- MEAP Assessment Administrator Manual

Student

- MEAP High School Science Booklet
- High School Science Answer Folder
- Number 2 Pencil

Assessment booklets are secure materials that must be carefully monitored. They must be kept in **locked** storage while in schools. Students may **not** use dictionaries or other reference materials during the assessment. Students may not use scratch paper while taking this assessment. Students may not use additional paper to write answers for assessment items. Students may underline, highlight, or write notes in their assessment booklets only.

Assessment Length

This assessment is untimed and student-paced. Students must be given as much time as needed during the same continuous session to complete each section of this assessment. The following is an approximate time needed for the science assessment:

High School Science Assessment.....90–105 minutes (approximately)

Approximately 10 minutes should be scheduled prior to the assessment to complete the New Student Registration Form for any student who does not have a preprinted label or answer folder. See page 60 for instructions on completing this form. A separate form must be placed in each student’s answer folder for each subject. Additional time is necessary to distribute materials and read directions.

Directions

Passages printed in boldface and preceded by the word **SAY** are instructions to students and are to be read aloud ***exactly as they are written***. (The italicized instructions to the assessment administrator are not read aloud to the students.) Pause periodically to make sure students understand these directions, and answer questions as necessary. When referring to a new document or a particular area on a document, hold the item up and point to the proper area to help students find their place.

High School Science Assessment

Distribute all assessment materials to each student. Remind students to put away all other materials, including dictionaries, calculators, and other reference materials that may **not** be used during this assessment.

Students are not allowed to have food, drinks, snacks, etc., on their desk or table during the assessment. If a student must have any of these items, the items must be stored away from the assessment surface (under seats, on the floor, etc.).

SAY: During the assessment, you must turn off and put away all electronic communication devices, including cell phones, palm pilots, calculators, etc. The only items you should have on your desk or table are the materials necessary for the assessment.

Make sure that you have the MEAP Fall 2005 High School Science Booklet. Write your name on the cover of the booklet in the upper right-hand corner.

Please look at your Fall 2005 answer folder for High School Science. In the lower left-hand corner is a barcode label. Raise your hand if your name does not appear on this label.

If a student has used a New Student Registration Form, there will not be a student name on the answer folder. Please make sure each student has his or her own answer folder before testing begins. If the student's name is misspelled, corrections can be made at a later date on the MEAP website. The problem may have to be corrected by giving the student a blank answer folder. Immediately notify the building MEAP coordinator who can help you resolve this problem after testing is completed. Test administration may proceed.

SAY: Look at the top of your answer folder. Print your name (no nicknames) on the first line. Print your teacher's full name on the second line. Next to the word "School," print your school's name (do not use abbreviations). Next to the word "District," print your district's name (do not use abbreviations).

Instruct students to give the full name of the teacher, district and school (do not use abbreviations). Give students time to complete this information.

SAY: Also on the cover page, there is a box entitled "Assessment Date." Please write in today's date and fill in the corresponding circles using a number 2 pencil. The first column is for the month. The next two spaces are for today's date. The year is already provided.

Inform students of the correct date (which is the first date the assessment is administered) and assist them with filling in the circles.

SAY: Now find the box to the right, entitled "Form." Look at the front cover of your High School Science Booklet. In the upper left-hand corner, next to where you wrote your name, you will see the word "form" and a number. In the "Form" box on your answer folder, please fill in the circle with the number of the form found on the front cover of your booklet.

Assist students in finding the form number on the front of their booklets and in filling in the correct circle.

SAY: Now, listen carefully as I read the directions to you.

During this assessment, I can help you understand the directions, but I cannot give you any help on assessment items. Except for the directions, I cannot define or pronounce words or read any part of the assessment to you.

Turn to page 1 in your booklet. Read the directions silently as I read them aloud.

Read all of page 1 from a MEAP High School Science Booklet out loud to the students.

SAY: You may turn the page and begin.

After approximately 90–105 minutes or when most or all of the students have completed this assessment,

SAY: It is time now to stop. Please put all assessment materials down, and close your booklets and answer folders. Remain quietly in your seats until all materials are collected.

Follow the instructions under “Ending an Assessment Session” on page 49.

Assessment Administrator Directions: High School Social Studies Assessment

This *MEAP Assessment Administrator Manual* contains detailed assessment administration procedures. It also contains appropriate and inappropriate assessment preparation and administration guidelines, and other valuable tips and instructions. It is important that assessment administrators review this entire manual before administering the assessment.

It is particularly important to understand the difference between helping students understand assessment directions and helping them with their responses. With the exception of making sure students understand the directions and implementing any approved accommodations, assessment administrators and proctors **may not give help of any kind** to students during this assessment. This includes defining or pronouncing words and reading any part of the assessment aloud to students, except where specifically indicated in the directions. These activities are inappropriate and will result in assessment scores being invalidated.

Assessment booklets are secure materials that must be carefully monitored. They must be kept in **locked** storage while in schools. Students may **not** use dictionaries or other reference materials during this assessment. No scrap paper or additional sheets of paper may be used. Students may underline, highlight, or write notes in their assessment booklets only.

Assessment Length

This assessment is untimed and student-paced. Students must be given as much time as needed during the same continuous session to complete each section of this assessment. The following are approximate times needed for each assessment session:

| | |
|--------------|-------------------------------|
| Part 1 | 45–55 minutes (approximately) |
| Part 2 | 45–55 minutes (approximately) |

Approximately 10 minutes should be scheduled prior to the assessment to complete the New Student Registration Form for any student who does not have a preprinted label or answer folder. See page 60 for instructions on completing the form. A separate form must be placed in each student’s answer folder for each subject. Additional time is necessary to distribute materials and read directions.

Directions

Passages printed in boldface and preceded by the word **SAY** are instructions to students and are to be read aloud ***exactly as they are written***. (The italicized instructions to the assessment administrator are not read aloud to the students.) Pause periodically to make sure students understand these directions, and answer questions as necessary. When referring to a new document or a particular area on a document, hold the item up and point to the proper area to help students find their place.

Part 1: High School Social Studies Assessment

Distribute assessment materials to each student. Remind students to put away all other materials, including dictionaries and other reference materials that may *not* be used during this test. There is sufficient space in the answer folder for students to provide a complete and correct response. No additional sheets may be used.

Students are not allowed to have food, drinks, snacks, etc., on their desk or table during the assessment. If a student must have any of these items, the items must be stored away from the assessment surface (under seats, on the floor, etc.).

SAY: During the assessment, you must turn off and put away all electronic communication devices, including cell phones, palm pilots, etc. The only items you should have on your desk or table are the materials necessary for the assessment.

Make sure that you have the Fall 2005 High School Social Studies Booklet. Write your name on the cover of the booklet in the upper right-hand corner using a number 2 pencil. You may not use a dictionary, thesaurus, grammar/spelling book or calculator on this assessment.

Please look at your Fall 2005 answer folder for High School Social Studies. In the lower left-hand corner is a barcode label. Raise your hand if your name does not appear on this label.

If a student has used a New Student Registration Form, there will not be a student name on the answer folder. Please make sure each student has his or her own answer folder before testing begins. If the student's name is misspelled, corrections can be made at a later date on the MEAP website. The problem may have to be corrected by giving the student a blank answer folder. Immediately notify the building MEAP coordinator who can help you resolve this problem after testing is completed. Test administration may proceed.

SAY: Look at the top of your answer folder. Print your name (no nicknames) on the first line. Print your teacher's full name on the second line. Next to the word "School," print your school's name (do not use abbreviations). Next to the word "District," print your district's name (do not use abbreviations).

Instruct students to give the full name of the teacher, district and school (do not use abbreviations). Give students time to complete this information.

SAY: On the cover page, there is a box entitled "Assessment Date." Please write in today's date and fill in the corresponding circles using a number 2 pencil. The first column is for the month. The next two spaces are for today's date. The year is already provided.

Inform students of the correct date (which is the first date the assessment is administered) and assist them with filling in the circles.

SAY: Now find the box to the right, entitled "Form." Look at the front cover of your Booklet. In the upper left-hand corner, next to where you wrote your name, you will see the word "form" and a number. In the "Form" box on your answer folder, please fill in the circle with the number of the form found on the front cover of your booklet.

Assist students in finding the form number on the front of their booklets and in filling in the correct circle.

SAY: During this assessment, I can help you understand the directions, but I cannot give you any help on assessment items. Except for the directions, I cannot define or pronounce words or read any part of the assessment to you.

Turn to page 1 in your booklet. Read the directions silently as I read them aloud.

Read all of page 1 from a High School Social Studies Booklet aloud to the students.

SAY: Please raise your hand if you have any questions.

You may turn the page and begin.

After approximately 45–55 minutes or when most or all of the students have completed this portion,

SAY: It is time now to stop. Please put all assessment materials down, and close your booklets and answer folders. Remain quietly in your seats until all materials are collected.

Follow the instructions under “Ending an Assessment Session” on page 49.

Part 2: High School Social Studies Assessment

If any students were absent during the first assessment session, allow them to take Part 2 first. They may make up Part 1 after completing Part 2. Students for whom there is no preprinted label or answer folder must complete the New Student Registration Form, the student identification information on their answer folders, and write their names on the cover of their test booklets.

Students are not allowed to have food, drinks, snacks, etc., on their desk or table during the assessment. If a student must have any of these items, the items must be stored away from the assessment surface (under seats, on the floor, etc.).

If necessary, redistribute assessment materials to students. There is sufficient space in the answer folder for students to provide a complete and correct response. No additional sheets may be used.

SAY: During the assessment, you must turn off and put away all electronic communication devices, including cell phones, palm pilots, etc. The only items you should have on your desk or table are the materials necessary for the assessment.

You are now going to take Part 2 of the MEAP High School Social Studies assessment. Make sure you have your own booklet, answer folder, and a number 2 pencil.

Turn to page 5 of your answer folder, which is the beginning of Part 2: Social Studies.

Open your booklet to page 17. Read the directions silently as I read them aloud.

Read all of page 17 from a High School Social Studies Booklet aloud to the students.

SAY: Please raise your hand if you have questions. You may turn the page and begin.

After approximately 45–55 minutes or when most or all of the students have completed this portion,

SAY: It is time now to stop. Please put all assessment materials down, and close your booklets and answer folders. Remain quietly in your seats until all materials are collected.

Follow the instructions under “Ending an Assessment Session” on page 49.

Ending an Assessment Session

All sections of these assessments are untimed and student-paced. Students must be given as much time as needed during the same continuous session to complete each section of an assessment. End an assessment session as soon as all students are finished. If only a few students need more time to finish than the rest of the class, an assessment administrator may collect all assessment materials and take those students to another room to immediately finish the assessment.

Collect all materials from each student individually. Do not have students pass materials to the end of a row or aisle. Students may not be dismissed until it is verified that all materials have been returned.

Assessment booklets are secure materials that must be carefully monitored. They must be kept in *locked* storage while in schools.

If there is another section of the assessment to administer, return to the directions for that assessment when ready to begin the next section. If all sections of the assessment have been administered, follow the instructions on the next page.

Assessment Administrator Responsibilities After Testing

Before sorting materials, **please note** that an answer folder is considered used if a student has taken all or part of the test.

1. Check that the peel-off barcode label for each New Student Registration Form has been affixed to the correct answer folder. Verify that all required student identification fields (Student Name, building code, etc.) have been completed accurately on each New Student Registration Form. Place the New Student Registration Form on top of the answer folders before returning to MEAP Scoring Services.
2. Verify that there is only one of each appropriate answer folder for each student. The appropriate answer folders are as follows:

High School English Language Arts

High School Mathematics

High School Science

High School Social Studies

3. Check answer folders for the following:
 - a. Only answer folders dated Fall 2005 have been used.
 - b. The appropriate form number has been filled in correctly.
 - c. All required student identification fields (Student Name, Teacher Name, etc.) have been completed accurately.
 - d. All optional data fields the district chose to use and all “School Use Only” fields have been completed accurately.
 - e. No correction fluid, crayons, markers, highlighters, or colored pencils have been used on student answer folders.
 - f. No staples, glue, rubber bands, or paper clips have been used on student answer folders.
 - g. No extra paper is attached (except when approved as an accommodation).
 - h. No answer folders have been disassembled or damaged.
 - i. If a New Student Registration Form has been completed, verify that all student identification fields, including the building code, have been completed accurately.
4. If an answer folder is found to have been damaged, or to contain markings by writing utensils that are not allowed, the district MEAP coordinator must be notified. The district coordinator should contact the MEAP Office for assistance.
5. Notify the building MEAP coordinator of any student answer folders that require the bright orange envelope that is marked “Special Handling and/or Word Processed Documents.” These envelopes are for those students who used a word processor as an accommodation.
6. Destroy unused answer folders after carefully making sure they are for students no longer enrolled in the school.
7. If they have not been written on, the mathematics overlays and reference sheets may be kept for use in future classroom activities. Those that have been written on must be destroyed or returned to the building MEAP coordinator.

8. Return *all assessment booklets* and *all used answer folders* to the building MEAP coordinator as soon as possible after the assessment. Refer to the page title “Assembling Answer Folders for Return.”
9. Complete the Security Compliance Form and return it to your building MEAP coordinator. Follow your MEAP coordinator’s instructions for completing the MEAP School/Grade Header Sheet and the optional Class/Group ID Sheet.
10. Destroy or keep this manual; do not return with assessment booklets or used answer folders

Assembling Answer Folders for Return

The diagrams below demonstrate how to assemble used answer folders by subject.

For example, assemble your Math Answer Folders as follows:

Continue to assemble used answer folders for each subject.

The diagram below shows how your answer folders will look after all subject areas are assembled.

Directions for MEAP School/Grade Header Sheet

The purpose of the MEAP School/Grade Header Sheet is to ensure that all answer folders returned are scored and that districts and schools receive the appropriate reports. The School/Grade Header Sheet is intended to be a helpful tool for both the schools and the scoring contractor in accounting for all answer folders returned for scoring.

School/Grade Header Sheets have the following information preprinted:

District Name, School Name, District Code, and School Code.

Directions for Completing the MEAP School/Grade Header Sheet

- The district MEAP coordinator will determine who is responsible for completing the School/Grade Header Sheet.
- Begin by organizing your used answer folders by subject. You do not need to separate answer folders with preprinted labels from answer folders with New Student Registration Forms.
- Place one MEAP School/Grade Header Sheet on top of each subject's set of answer folders.
- Fill in the bubble for the subject and grade that corresponds to the answer folders under each MEAP School/Grade Header Sheet.
- Write the answer folder count in the spaces provided and fill in the bubbles for that number.
- Deliver all sets of answer folders with the School/Grade Header Sheets to the building or district MEAP coordinator.

Refer to the diagram on page 53 for more information on how to organize your answer folders.

MARKING INSTRUCTIONS

- Use only soft lead pencil (No. 2)
- Do NOT use ink or ball point pen.
- Make heavy dark marks that completely fill in the circles.
- Erase completely any marks that you wish to change.
- Make NO stray marks on this sheet.

CORRECT MARK

INCORRECT MARKS

SCHOOL/GRADE HEADER SHEET

INSTRUCTIONS

1. Write the name of the person completing this form, the district name and the school name on the lines provided.
2. In the boxes under District Code, indicate the district number. Grid the corresponding bubbles. If this information is preprinted, make sure the information is correct. If the information is not correct, contact your district coordinator.
3. In the boxes under School Code, indicate the school number. Grid the corresponding bubbles. If this information is preprinted, make sure the information is correct. If the information is not correct, contact your district coordinator.
4. In the box under Grade, grid the appropriate grade level of the students whose documents are under this header sheet. Grid only one grade per header.
5. In the boxes under Answer Document Count, write the appropriate amount of used answer documents that are under this header. Grid the corresponding bubbles.
6. In the box under Subject, grid the appropriate subject of the documents under this header. Grid only one subject per header.

Directions for MEAP Class/Group ID Sheet

The purpose of the MEAP Class/Group ID Sheet is to collect the information needed to provide teachers with student results organized by class or group.

If the following information is not preprinted on the sheet, please fill it in:

District Name

School Name

Directions for Completing the MEAP Class/Group ID Sheet

- The teacher or building coordinator is responsible for completing the Class/Group ID Sheet.
- Fill in the name of the teacher for whom the class/group number(s) are being provided.
- Indicate the class/group number(s) assigned to the teacher.
- Place the Class/Group ID Sheet on top of the student answer folder, under the Security Compliance Forms.

Refer to the diagram on page 53 for more information on how to organize your answer folders.

MARKING INSTRUCTIONS

- Use only soft lead pencil (No. 2).
- Do NOT use ink or ball point pen.
- Make heavy dark marks that completely fill in the circles.
- Erase completely any marks that you wish to change.
- Make NO stray marks on this sheet.

**CLASS/GROUP ID SHEET**

INSTRUCTIONS: The purpose of this form is to collect the information needed to provide teachers with student results organized by class or group.

This form needs to be completed for every teacher. It may be completed by the teacher or the building MEAP coordinator. The person completing this form will need a teacher name and the class/group code(s) assigned to the teacher. Class/group codes should be assigned by the building coordinator using instructions in the building coordinator manual.

Instructions for each area on the form are as follows:

1. Provide the name of the person completing this form (teacher or building coordinator) and the district and school name.
2. In the boxes under TEACHER NAME, indicate the name of the teacher for whom class/group code(s) are being provided and mark the corresponding bubbles under each block.
3. In the boxes under CLASS/GROUP CODE, indicate the 4-digit class/group codes assigned to this teacher and mark the corresponding bubble under each block. If less than a 4-digit number is used, fill in with zeroes ahead of the number.

This form should be delivered to the building MEAP coordinator. Instructions for return to the scoring contractor may be found in the building and district coordinator manuals.

Directions for MEAP Security Compliance Form

The purpose of the MEAP Security Compliance is to ensure that all parties that have access to the MEAP assessment materials understand that these are highly secure materials and are to be used for assessment purposes only.

The Security Compliance form will have the district code and school code preprinted.

Directions for Completing the MEAP Security Compliance Form

- All district and school personnel that have access to the assessment materials must read and complete a MEAP Security Compliance Form.
- Assessment administrators, proctors and accommodations providers must write their class code in the space provided and fill in the corresponding bubbles.
- Fill in the bubble next to your role in the MEAP assessment.
- Print your name, city and district name in the lines provided.
- Band the MEAP Security Compliance Forms together and place on top of the answer folders to return to the Scoring Services Center.

Refer to the diagram on page 53 for more information on the MEAP Security Compliance Form.

Pages 63 – 66 in this manual are excerpted from *Professional Assessment and Accountability Practices for Educators* (August 2005) which is available in each school and district and is publicly available on the OEAA web page at www.michigan.gov/oeaa.

- “Building Assessment Administrator Responsibilities” pages 63 – 64.
- “Assessment Proctor Responsibilities” pages 65 – 66.

Each person assigned responsibilities as the building assessment administrator or assessment proctor should receive a copy of the appropriate two page document so that they can honestly sign the MEAP Security Compliance Form, and more importantly will understand their responsibilities before, during and after the assessment.

MEAP Security Compliance Form

I, the undersigned, do certify and attest to all of the following:

I have had access to a printed or electronic copy of the *Professional Assessment & Accountability Practices for Educators* as published by the Office of Educational Assessment and Accountability of the Michigan Department of Education, and

I have read the sections applicable to assessment security, preparation, and administration, and

I have read the section regarding the duties and responsibilities of my role in the assessment process, and

I have followed the practices as they relate to my role in the current assessment.

| 1. In the boxes under Class, School, District, indicate the district code if you are a District Coordinator. Indicate the district code and school code if you are a Building Coordinator. All other assessment administrators must fill in the class code, school code and district code. Grid the corresponding bubbles. |
| 2. Grid the corresponding bubble next to your role in the MEAP assessment (ex: district coordinator, school coordinator, etc.) |
| 3. In the box under Information Box, print your school name, city and district name on the lines provided. |
| 4. Once the form has been filled out, return it with your "Scorable MEAP Materials" to Pearson Educational Measurement. |

Directions for New Student Registration Form

The purpose of the MEAP New Student Registration Form is to collect the information for students who have not received preprinted answer folders or Pre-ID label.

Directions for Completing the MEAP New Student Registration Form

If on-line registration is available, log on to www.michigan.gov/meap-secure.

- Enter the student demographic information on the Pre-ID Student demographics screen.
- Print the student demographic information on one of the four corners of the New Student Registration Form.
- Peel off the label from side 1 of the New Student Registration Form and place on the student answer folder.
- Place the New Student Registration form on top of the student answer folder and return to MEAP Scoring Services.

If on-line registration is not available, fill out the student demographic information on side 2 of the New Student Registration Form.

- Peel off the label from side 1 of the New Student Registration Form and place on the student answer folder.
- Place the New Student Registration form on top of the student answer folder and return to MEAP Scoring Services.

This form is used to register new students for the MEAP test. This includes any student for whom you did not receive a preprinted answer folder or Pre-ID Label. A separate New Student Registration Form must be completed for each answer folder. By following these steps, you can ensure that test scores for new students are reported accurately and on time for your school.

Clearly PRINT student name, teacher name, grade level, school name, district name, and subject in the spaces provided at the top of this side of the form, and ethnicity, birth date, gender, and student no./other in the spaces provided at the bottom.

Use the MEAP Pre-ID Student Demographics screen to register students.

This screen is used to enter new students into MEAP Pre-ID and update previously entered information.

You can then overprint the new student record on either side of this sheet. It may print on side 1 or 2, any corner.

After printing, verify that you have printed the correct student's demographics on this sheet.

Peel off the barcode label below, and place it in the space provided on the front cover of this student's answer folder.

Place this registration form on top of the student's answer folder.

For further information, refer to the MEAP School Coordinator Manual section on New Student Registration.

Clearly PRINT student name, teacher name, grade level, school name, district name, and subject in the spaces provided at the top of this side of the form.

Follow the directions from the MEAP School Coordinator Manual section on New Student Registration to guide students in completing the alpha grid. If a manual is not readily available, this information may also be downloaded from the MEAP web site: www.michigan.gov/meap.

Check all of the bubbled information carefully.

Peel off the barcode label above and place it in the space provided on the front cover of this student's answer folder.

Place this registration form on top of the student's folder.

Printed in U.S.A.

Office of Educational Assessment and Accountability

Building Assessment Administrator Responsibilities

Assessment Administrators must be at least one of the following:

1. An employee of the district who is a certified or licensed educational professional;
2. A substitute teacher who is certified and employed by the district on an as needed basis;
3. Someone who was a certified teacher but has allowed the teaching certificate to expire due to retirement or change of career and has been approved by the District Assessment Coordinator as a qualified assessment administrator.

The Assessment Administrator sets the tone of high performance with integrity in the assessment room and holds specific responsibilities. The Assessment Administrators shall:

Before Assessment Administration

- Attend training by the District Assessment Coordinator and/or Building Assessment Coordinator specific to MEAP, MI-Access, or ELPA.
- Read the Assessment Administrator Manual prior to assessments.
- In rooms used for assessment, ensure that all items (such as displays, charts, maps, tables, bulletin board material, etc.) that contain any information directly related to MDE Benchmarks and GLCEs that could provide information to students in answering questions during test taking have been cleared or covered.
- Ensure the assessment room has an adequate amount of district supplied materials (i.e. pencils, dictionaries, thesaurus, etc.).
- Know assessment security procedures and be prepared to follow them before, during, and after each assessment session.
- Have a plan for students who finish assessments early or who require extra time.
- Have an implementation plan for students in need of accommodations as prescribed in Individualized Education Programs (IEP), 504 Plans, and instructional practices for English Language Learners.

During Assessment Administration

- Distribute all materials to students. Check for appropriate assessment booklets and answer documents.

During Assessment Administration (continued)

- Remind students to turn off all electronic communication devices (cell phones, pagers, PDAs, etc.) and store out of sight.
- Administer the assessments according to the Assessment Administration Manual.
- Read directions exactly as they appear in the administration manual to students. Answer questions about assessment directions as described in the administration manuals.
- When directed by the administration manual to read directions from the student test booklet, read the specific directions only without attending to any other part of the booklet.
- Monitor the assessment sessions by walking around the room to make sure students are working independently on the assessment.
- Ensure that students are working in the correct section of their assessment booklets and are marking their responses in the appropriate areas of their answer document. Student responses are limited to the answer spaces provided.
- Ensure that the assessment room is quiet during the entire assessment administration.
- Remain in the assessment room at all times unless replaced by another trained staff member.
- Report any incidents of deviations in assessment administration or questionable student behavior to the Building Assessment Coordinator for early and fair resolution of any concerns.
- Ensure that students not be allowed to leave the assessment room unless extenuating circumstances are present. If a student must leave, Assessment Administrators must collect the assessment booklet and answer document and return them to the student upon his/her return. Only one student may leave the room at a time.
- Direct students to erase any stray marks and darken any faint bubbles prior to handing in their completed assessments.

After Assessment Administration

- Collect assessment materials and account for all assessment materials regardless of perceived student effort.
- Ensure that answer documents have correct student identification completed and filled in correctly.
- Do not erase or darken any marks in the student answer section of any document.
- Deliver assessment materials in person to the Building Assessment Coordinator at the end of each assessment administration.
- Report any potential assessment irregularity or administrative procedural error to the Building Assessment Coordinator.
- Complete Assessment Security Compliance Form found in the Assessment Administration Manual and submit to the Building Assessment Coordinator. Security forms can be found in the back of the administration manuals.

Office of Educational Assessment and Accountability

Assessment Proctor Responsibilities

As a general rule, students do best when assessed in the typical classroom environment. If larger groups must be assessed, appropriate allocation of staff will maximize student success. Depending on the number of students in each room, trained proctors may be assigned to assist the Assessment Administrator. It is recommended that a proctor be assigned for any group beyond a reasonable classroom size of 25 to 35 students.

An Assessment Proctor can be a teacher's aide, paraprofessional, or other paid district or school personnel. If volunteers must be used, they should be trained with appropriate testing procedures; family of students in the assessment group should not be used as proctors.

Assessment proctors who are used in the capacity of providing assessment accommodations to students must be thoroughly trained in providing the accommodations prior to the assessment.

The Assessment Proctor assists in setting the tone of high performance with integrity in the assessment room and holds specific responsibilities. The Assessment Proctor's responsibilities include:

Before Assessment Administration

- Participate in assessment administration training.
- In rooms used for assessment, ensure that all items (such as displays, charts, maps, tables, bulletin board material, etc.) that contain any information directly related to MDE Benchmarks and GLCEs that could provide information to students in answering questions during test taking have been cleared or covered.

During Assessment Administration

- Assist the Assessment Administrator in monitoring the prohibition of electronic communication and information storage devices (cell phones, pagers, PDAs, etc.).
- Assist the Assessment Administrator in distributing assessment materials.
- Observe students and monitor those who have been given permission to temporarily leave the assessment room.
- Monitor the assessment sessions by walking around the room to make sure students are working independently on the assessment.
- Ensure that students are working in the correct section of their assessment booklets and are marking their responses in the appropriate areas of their answer document. Student responses are limited to the answer spaces provided.

- Remain in the assessment room at all times unless replaced by another trained staff member.
- Ensure the assessment room is quiet during the entire assessment administration.
- Report any questionable or unusual activity to the Assessment Administrator immediately.
- Accompany students who are being directed to an alternate assessment room to complete assessments.
- Provide accommodations as prescribed in Individualized Education Program (IEP), 504 Plans, and instructional practices for English Language Learners.

After Assessment Administration

- Assist the Assessment Administrator in collecting and accounting for all assessment materials.
- Ensure that answer documents have correct student identification completed and filled in correctly.
- Complete Assessment Security Compliance Form found in the manual and submit the form to the Building Assessment Coordinator.

Student Challenges of Assessment Items
Clearly identify items being challenged.
